Submission Checklist

👉*Check off each of the features you have completed.* **You will only be graded on the features you check off.**

- ~~Question #1 answered below (*all 3 subquestions with minimum word count*)~~
- ~~Question #2 answered below (*all 3 subquestions with minimum word count*)~~
- ~~Wireframe~~

Individual Brainstorm

❓ **Question #1:** Describe your website subject in detail:

> What do you already know about your social impact topic? (*50+ words*)
>
> My social impact topic is Technology is Good. I already know that technology has benefits in education and in the field of healthcare. I also know that with Artificial Intelligence rapidly growing, it can be used to help us with many things. Technology has helped us make improvements to warning systems for natural disasters like hurricanes.

> What do you still need to find out about your social impact topic in order to create a meaningful website? (*20+ words*)
>
> I still need to find out how technology benefits our economic growth. I also need to know the advances that technology has made in the environment.

> Who are the stakeholders involved with/affected by your social impact topic? ie children, people living in cities, politicians, CEOs, female-identifying persons (*20+ words*)

This topic affects all of us. Technology affects children and teenagers. Also, it affects the people who are looking for decent jobs or entrepreneurs.

❓ Question #2: Describe your proposed website in detail:

What is the purpose of your website? (*30+ words*)

The purpose of my website is to show how technology is beneficial to our everyday lives. I want to show users that technology is a resource, not a burden. This website is also going to give updates on new technological advancements.

Who is your intended user? (*30+ words*)

My intended user is anybody who thinks that technology is bad. I want to convince them otherwise. Also, this website is intended for anybody who is interested in technology in general.

How will your user interact with your website? (*30+ words*)

There are going to be articles about new technological advances that the users can read. Along with the articles, I'll have videos that users can watch as well. Lastly, I'll provide links about AI so my users can learn and get familiar with it.

Wireframe

❓ When creating your wireframe, ask yourself:
- What about your topic do you want shared on your website?
- How do you want your content and website structured?

❓ Copy/Paste a screenshot of your wireframe or a link to it below (if using a link, make sure it is publicly viewable).
